

*My home is my sanctuary – airy, light and full of design pieces
I cherish. I'm drawn to furniture that is well-engineered
with beautiful materials, and I've carefully selected
elements that are comfortable, stylish and indulgent.
I love Australian design, good craftsmanship,
and understated luxury.*

EXQUISITE™

Sealy Posturepedic Exquisite™ is the culmination of continuous research and ongoing development. Designed to ensure the body receives the correct support, it helps muscles to relax, relieve pressure and deliver conformance to the lower back where you need it the most. Beautiful and luxurious fabrics maintain the sleep environment at the ideal temperature, delivering exceptional comfort. Stunningly contemporary and elegant, Sealy Posturepedic Exquisite™ is truly one of life's luxuries.

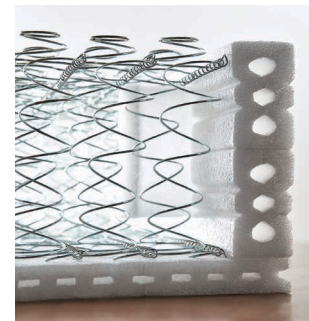

Making the perfect Sealy Posturepedic Exquisite™ takes many skilled hands. Sealy Posturepedic Exquisite™ is beautifully crafted to create a supportive, luxuriously comfortable and enduring sleep environment. The journey takes time. The result is Exquisite.

DESIGN ReST™ is Sealy's most advanced Titanium alloy support system. With three layers of staged support it cradles every part of the body to provide deep-down support. The coil columns are aligned in an alternating pattern across the mattress to reduce surface motion to help deliver a perfect night's sleep.

GOOD DESIGN IS MADE TO LAST
style, comfort, craftsmanship & longevity

FUNCTION The innovative UniCased®XT edge support provides a full perimeter sleeping surface and comfortable yet supportive seating edge. Keys are locked into the edges of the spring unit to increase stability and decrease lateral movement for an undisturbed sleep. A unique base plank assists with extending the life of the mattress.

LUXURY Soft-touch fabrics and natural fibre layers create an indulgent quilt for exceptional comfort. In the centre third of the mattress is ComfortCore®Plus, a gel infused visco-elastic layer, providing conformance and pressure relief to the lower back. Smartex® fabric treatment regulates temperature for more comfortable sleeping.

FORM Exquisite's beautiful sleep system features clean lines and intricate embroidery. LiftRight® handles make dressing the bed easier. The upholstered designer bed base features Duraflex® Titanium alloy modules to improve the performance and comfort life of your mattress. StayTight, a rubberised material, helps keep sheets in place.

ENGINEERING Every Sealy Posturepedic® is handcrafted to order in Australia using the finest locally sourced materials. Using cutting-edge technology, Form and Function combine to create a beautiful and functional sleep system, making Sealy Posturepedic Australia's Favourite mattress brand.*
